**DECLARATION OF JOHN
MCCARTHY**

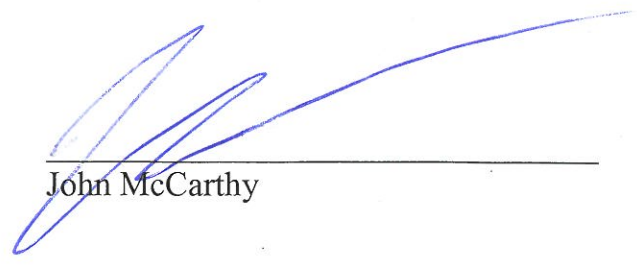

John McCarthy, hereby states and declares as follows:

1. Currently, I am the Interim Finance Director for the City of Saint Paul.
2. I am intimately aware of the costs for organized collection and City finances.
3. The average cost per quarter for base trash cart service is \$82.43 per household unit.

4. The average total charge to cover the trash cart services for approximately 74,000 households would be \$6,099,820 per quarter.
5. The City would be required to access its emergency reserves to pay for these large amounts.

I declare under penalty of perjury that everything I have said in this declaration is true and correct.
